

COMUNICAT

din data de 04.02.2010

In data de 11 februarie 2010, Universitatea Tehnica de Constructii Bucuresti cu sprijinul Fundatiei CFPPDA va organiza la Facultatea de Hidrotehnica, Bd. Lacul Tei 124, sector 2, Bucuresti, o reuniune de lucru in cadrul proiectului WACOM: Workshop WACOM „ **WATER COmpetences Model Transfer** ”.

Pe scurt, obiectivele acestui proiect sunt urmatoarele:

definirea unui model de competente European (WACOM) pentru resurselor de apa aplicand EQF (Directiva de calificare competente german (PAS 1093) gestiunea europeana) si modelul de

aplicarea modelului de competente WACOM in domeniul statiilor de epurare

testarea pilot a modelului WACOM in domeniul gestiunii statiilor de epurare de catre Water Academy of the German Association DWA

evaluarea suplimentara a modelului WACOM in alte trei tari partenere (Grecia, Romania, Ungaria) si optimizarea acestuia

Workshop UTCB

Scris de Administrator
Joi, 04 Februarie 2010

transferul modelului WACOM pentru gestiunea apei sub forma unui standard
European (CEN) si in alte sectoare de lucru realizand un studiu de fezabilitate

La acest workshop, **experti** **din domeniul gestionarii statiilor de epurare** si
din alte domenii conexe sunt invitati sa isi ofere punctul de vedere asupra
abilitatilor necesare pentru a lucra in domeniul gestionarii resurselor de apa,
in particular in cel al gestionarii statiilor de epurare

.

Mentionam faptul ca la acest eveniment numarul de participanti este limitat, ca nu
se percepe taxa de participare si ca obligatiile organizatorice (mape, pauza de
cafea, pranz) sunt suportate din cadrul proiectului.

Cei interesati sa participe sunt rugati sa ia legatura pentru mai multe informatii cu
persoana de contact – dl Silviu LACATUSU prin e-mail wide@ara.ro
sau telefon la 0744 215 772 sau tel/fax 021 316 86 88.

COMMUNIQUE

On February 11, 2010, University of Civil Engineering Bucharest with the support of CFPPDA Foundation will organize at the Faculty of Hydrotechnics, Bv Lacul Tei 124, Bucharest – 2nd district, a working meeting on the project Wacom: Wacom Workshop „**WATER COMPETENCES MODEL TRANSFER**”.

In short, the objectives of this project are:

definition of a European competence model (Wacom) for the management of the water resources by applying the EQF (European Qualification Directive) and the German competent model (STEP 1093)

application of the Wacom component model in the wastewater treatment plants

pilot testing of the WACOM model for the management of the wastewater treatment plants by Water Academy of the German Association DWA

further evaluation of the Wacom model in other three partner countries (Greece, Romania, Hungary) and its optimization

transfer of the WACOM model for water management as a European Standard

Workshop UTCB

Scris de Administrator
Joi, 04 Februarie 2010

(CEN) working in other sectors making a feasibility study.

At this workshop, **experts in the field of management wastewater treatment plants** and other related fields are invited to provide their points of view on the skills needed to work in the management of water resources, **particularly in the management of wastewater treatment plants**.

It is to mention that in this event the number of participants is limited, as there are no participation fee and that the organizational obligations (folders, coffee breaks, lunch) are incurred in the project.

Those interested in participating are asked to contact for more information - Mr Silviu Lacatusu, by email wide@ara.ro or phone 0744 215 772 or phone/fax 021 316 86 88.
